PARTITION PLUS / FIELD REFERENCE

Accessible restroom planning checklist.

Questions to bring to a site visit, design review or project meeting.

Project _____ Date _____

- [ ] **01 / Establish the project context**
  Identify the applicable standards, new/existing-building context and users, including children or people needing assistance.
  Bobrick guide · printed pp. 3, 4, 6, 7, 10

- [ ] **02 / Draw the finished room**
  Record finished wall dimensions, fixed fixtures, entrances, obstructions and the intended partition layout.
  Bobrick guide · printed pp. 23, 24, 25, 26, 27

- [ ] **03 / Trace the accessible route**
  Follow the approach from the entry to each fixture, control and accessory.
  Bobrick guide · printed pp. 9, 13, 23

- [ ] **04 / Show clear floor and turning spaces**
  Use the correct standard/building context. Review any overlapping spaces and knee/toe allowances.
  Bobrick guide · printed pp. 11, 12, 13

- [ ] **05 / Check compartments and fixtures**
  Confirm compartment type, toilet mounting, centerline, seat height and the complete configuration.
  Bobrick guide · printed pp. 17, 18, 20, 21

- [ ] **06 / Draw doors open**
  Check clear openings, approach space, door swings and interference with required fixture clearances.
  Bobrick guide · printed pp. 18, 19, 20

- [ ] **07 / Coordinate privacy and toe clearance**
  Review low/full-height panels and doors against the selected compartment arrangement.
  Bobrick guide · printed pp. 19, 20

- [ ] **08 / Review lavatories and operable parts**
  Check approach, knee/toe clearance, piping protection, reach and control operation.
  Bobrick guide · printed pp. 9, 10, 13, 14, 15

- [ ] **09 / Locate bars, accessories and signs**
  Use the correct measuring points. Keep bars, dispensers, mirrors and circulation coordinated.
  Bobrick guide · printed pp. 9, 15, 20, 21, 22, 23

- [ ] **10 / Include changing and bathing facilities**
  If provided, review stations in use and the complete shower/tub, seat, control and approach details.
  Bobrick guide · printed pp. 16, 28, 29, 30, 31, 32, 33, 34

- [ ] **11 / Resolve exceptions and source ambiguities**
  Keep notes about conflicting labels, proposed provisions and any project-specific interpretation.
  Bobrick guide · printed pp. 3, 8, 19, 20, 28

- [ ] **12 / Complete the project review**
  Review plans against the applicable standards and local requirements before finalizing specifications.
  Bobrick guide · printed pp. 3

Project notes:

Keep the standard and conditions with every dimension. Based on the supplied Bobrick *Planning Guide for Accessible Restrooms*, covering 2010 ADA and ICC A117.1–2017, with later supplement references. Planning guidance; review the complete source, applicable standards and local project requirements.
